99	P94	O	PON	PON output	L: AVR power ON
100	P95	I	ARMSW	Arm switch	H: Arm switch ON

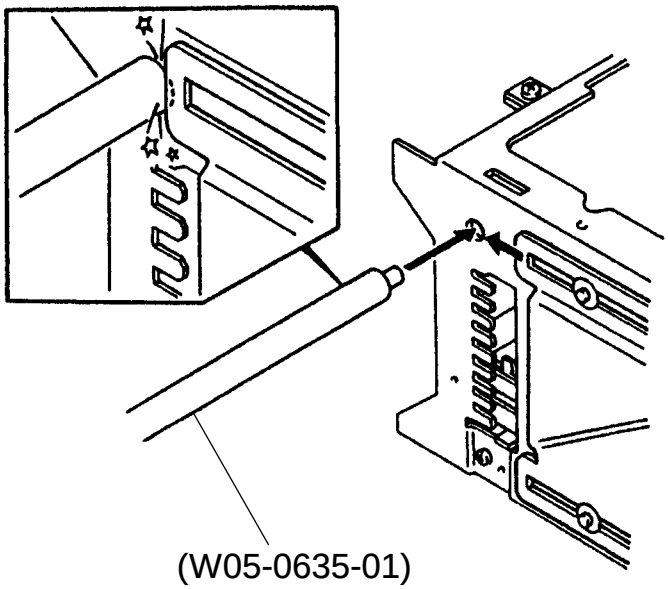

ADJUSTMENT

LPS initial position adjustment procedure

Connect the changer to the H/U. While holding the magazine eject button of the changer, press the reset button of the H/U and, in about 1 second, release the magazine eject button. Press the CD button of the H/U to enter the E-88 mode. Move the mechanism deck to around the 1st stage by pressing the DISC- or DISC+ button.

Insert the adjustment tool into the tool hole on the changer mechanism. Then press the DISC+ button to move the mechanism deck until the mechanism's slider hits the adjustment tool. When the motor locks(stops) press the REPEAT key of the H/U.

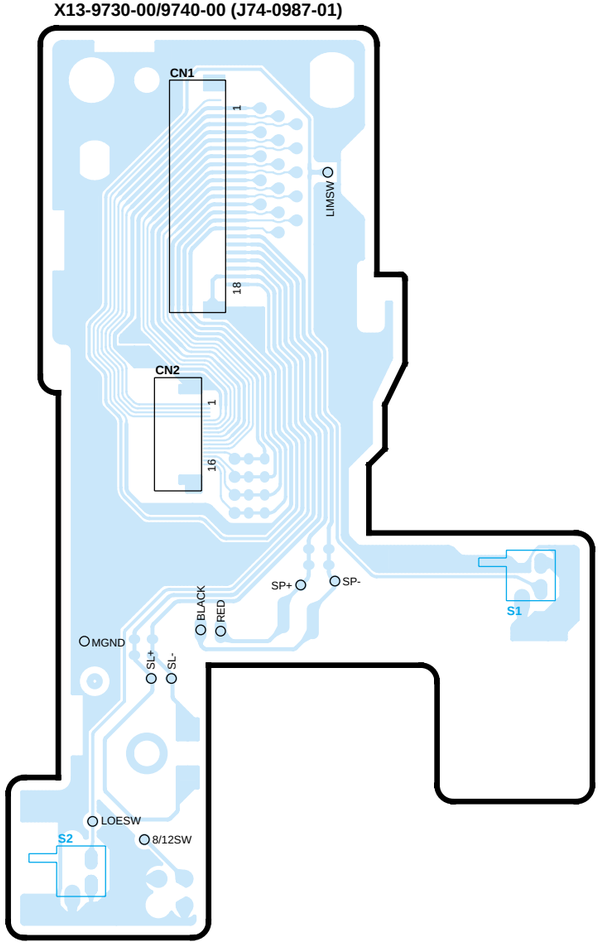

When the REPEAT key is pressed, the mechanism moves automatically to the 1st stage and the initial position adjustment completes. (The data is written in the E2PROM at this time.)

CAUTION : For continued safety, replace safety critical components only with manufacturer's recommended parts (refer to parts list).
⚠ Indicates safety critical components. To reduce the risk of electric shock, leakage-current or resistance measurements shall be carried out (exposed parts are acceptably insulated from the supply circuit) before the appliance is returned to the customer.
- DC voltages are as measured with a high impedance voltmeter. Values may vary slightly due to variations between individual instruments or/and units.

KDC-CX85/CPS85

SPECIFICATIONS

CD section

Laser Diode	GaAIAs (I=780nm)
Digital Filter(D/A)	8 Times Over Sampling
D/A Converter	1Bit
Spindle Speed	500~200rpm (CLV)
Wow & Flutter	Below Measurable Limit
Frequency Response	5Hz~20kHz (±1dB)
Total Harmonic Distortion	0.005%(1kHz)
S/N Ratio(dB)	110dB
Dynamic Range	96dB
Channel Separation	96dB

General

Operating Voltage	14.4V (11~16V allowable)
Current Consumption	0.8A at rated power
Installation Size (WxHxD)	250x80x202mm (9-13/16x3-1/8x7-15/16 in.)
Weight	2.3kg (5.1lbs)

KENWOOD follows a policy of continuous advancements in development. For this reason specifications may be changed without notice.
